## Me

If you have something interesting to tell me, please email me at [gozer@ectoplasm.org](mailto:gozer@ectoplasm.org). Please remember that I receive thousands of emails every day, so it might take awhile before I respond to you.

If you have some `mod_perl` specific questions please ask them at the `mod_perl` list and somebody will answer them.

If you want to tell me your secrets here is probably my GPG public key.
